The Government of Ethiopia updated its commitment at the [Family Planning Summit in London, UK](#) on July 11, 2017:

OBJECTIVES

1. Reduce adolescent pregnancy rate from 12% in to 3%
2. Reduce unmet need for family planning among women ages 15 to 19 years from 20% to 10% and among women ages 20 to 24 years from 18% in to 10%.
3. Increase mCPR among women ages 15 to 19 years from 32% in to 40% and ages 20 to 24 years from 38% to 43%
4. Improve collection, analysis, and utilization of age- and sex-disaggregated data on adolescents and youth

FINANCIAL COMMITMENTS

The Ethiopian government will increase its financing of family planning services by continuing to earmark incrementally funds from its SDG pool fund for its FP budget and using the National Health Account to track expenditures for FP.

PROGRAM & SERVICE DELIVERY COMMITMENTS

The Government of Ethiopia will improve the health status of Ethiopian adolescents and youth by increasing mCPR among those aged 15 to 24 years, and reducing unmet need for modern contraception. GoE will coordinate efforts over the next 3 years to strengthen AYF clinic services and referral linkages to improve AY access to contraceptives.

It will improve the distribution of FP commodities and consumables from the central level to service delivery points by increasing the capacity of healthcare workers to manage the logistics system and coordinate with the Pharmaceuticals Fund and Supply Agency (PFSA).

The following text summarizes the commitment made by Dr. Tedros Adhanom Ghebreyesus on behalf of the government of Ethiopia at the London Summit on Family Planning on July 11, 2012.

Contraceptive use has doubled in Ethiopia since 2005. The government will further increase its funding to uphold the rights of all people to access and choose voluntary family planning through the strong network of primary health care providers. The needs of married and unmarried adolescent girls will be met through partnerships with non-government and private providers, as well as expanding youth-friendly services. The government will also improve access for isolated pastoralist communities.

Objectives

1. Increase CPR to 69 percent by 2015 (currently 29 percent), reduce TFR to 4 by 2015 (currently 4.8)
2. Reach additional 6.2 million women and adolescent girls with FP services.

FINANCIAL COMMITMENTS

Ethiopia commits to increasing budget allocation for FP each year. The current funding gap is 50 percent.

PROGRAM & SERVICE DELIVERY COMMITMENTS

Ethiopia commits to ensuring commodities security, increasing uptake of LARMs, expanding youth friendly services with a focus on adolescent girls, scaling up delivery of services for the hardest to reach groups, and to monitoring availability of contraceptives.
